Women's Council of  
**REALTORS®**

Women's Council of REALTORS®  
430 N. Michigan Ave., Chicago, IL 60611

We are a network of successful REALTORS®, advancing women as professionals and leaders in business, the industry and the communities we serve.

Women's Council of  
**REALTORS®**

## Local Support, National Strength

When you join Women's Council of REALTORS®, you tap into a whole world of concrete, powerful programs that yield tangible results for you and your business. It's all possible thanks to our unique structure, the foundation of which is our nationwide network of local and state networks. That foundation allows us to bring our members the best of both worlds: the strength and continuity of a national profile, with the responsiveness and accessibility of networks close to home. The result? The Council brings you more education, more networking opportunities and more ways to build your business than any other REALTOR® organization.

## The Power of Relationships

Success in business today is achieved through positive, productive relationships. The Council provides an environment of collaboration in which members can form, build and maximize relationships for business and personal success. When members share their time, talent and experience, the industry is advanced.

## Leadership

Every business, industry and community must have leaders who can see change that is needed, organize resources, and engage the hearts and minds of those around them. Through the Women's Council of REALTORS®, members develop and apply newfound leadership skills and qualities across all areas of their personal and professional lives.

## Referral Center

The Find a Member database is publicly searchable. As a member you have access to the Referral Center, which provides expanded searchable information on member's areas of special expertise, industry and community involvement and leadership experience. The Center is your link to 11,000 members, who are among the top-producing, most experienced professionals in real estate. You have the ability to update your contact information, photo, cities served and areas of expertise so your Expertise Profile is always current.

## Local Networks

When you become a Women's Council member, you also become a member of your local network, which regularly offers business-building opportunities like roundtable discussions, speakers, panels of industry experts, new marketing concepts and other timely and topical events. Those events complement our national network by providing face-to-face interaction with other professionals right in the community where you live and work. Find a local network in your area at [wcr.org](http://wcr.org).

## National Meetings and State Events

Our state networks hold events designed to expand your career opportunities, develop your skills and talents and broaden your knowledge and know-how. To build on those opportunities, we also offer a host of business-building national meetings and special events. Our Midyear Meeting and National Conference provide the opportunity for members to come together and conduct business, boost their professional knowledge and make contacts from all over the nation.

## The Performance Management Network

The Performance Management Network (PMN) is the flagship REALTOR® business leadership designation. Its design gives you practical and implementable tools for your business. Diving into hot topics such as leadership, negotiating, networking and business planning, the PMN's suite of professional performance training courses are focused on keeping your business out front and on top of an ever-changing market.

To find out more about how our designation further builds your business and gives you access to an elite referral network visit [wcr.org/education](http://wcr.org/education) or contact our Education Department at 800.245.8512.

## eConnect

Staying on top means staying in touch. So the Council brings you a range of valuable sources of information. Our eConnect newsletter is packed with timely, practical articles on topics like productivity, technology trends, leadership and professional growth. It also features the latest Council news and announcements. eConnect is emailed to members monthly and available online.
