Inclusion. We believe that better decisions result when all voices are heard and when the full diversity of our membership is embraced.

Collaboration. We believe that success today is achieved through productive collaboration in a safe environment in which members support each other, work together and grow together.

Professional Credibility. We believe that members of Women's Council are professionals who operate based on a shared system of values, including integrity, respect, a commitment to excellence and continuous personal and professional development.

PILLAR: VALUE TO MEMBERS

WOMEN'S COUNCIL VALUE PROPOSITION

2025 Milestones: By 2025 . . .

1. National meetings include quality programming that supports a mission-driven organization, addresses the needs of all member segments, and models the way for networks to replicate in their respective industry and member events.
2. Women's Council offers meaningful value to members at each stage of their career, including: new in the business (1-3 years), mid-career (3-10 years), and late career (11 years to retirement).
3. Leaders have embraced the Women's Council values and, in turn, reflect these values with the membership.

2023 Deliverables

- › Target market National meetings to the needs and expectations of different member segments and broaden access (e.g., selected hybrid sessions). Better distinguish between sessions focused on business vs. network management.
- › Develop and implement programs on business and personal topics of value to those in or anticipating the 'retirement' phase of their career.
- › Ensure that a comprehensive new member orientation is systematized at all three levels of the organization in a complementary fashion.

1. Women's Council network structure provides for greater consistency, access and accountability in delivering the unique value of the Council. Networks are 'mission-focused'.

- › Roll out the adjusted local network model to all local networks to better meet current needs and realities of operating a successful network.
- › Revisit the scope, focus and role of the National Liaison to cover all local network/member-at-large needs.

2. Women's Council network leaders model the culture, and, in and of themselves, are the best recruitment tool to attract future leaders.
3. Equal or greater focus is placed (and supported) on a leader's emotional intelligence, and the ability to reflect the Council's values, brand and culture.

2023 Deliverables

- › Transition to a 'mission-focused' network structure and culture. (See **Inclusion** (page 4), **Leader Qualifications** (below), and **Organizational Structure** issues (page 2)).
- › Continue to evolve the curriculum of Network 360 to focus on leadership skills and qualities, including emotional intelligence and servant leadership.

LEADER QUALIFICATIONS

2025 Milestones: By 2025. . .

2023 Deliverables

- › Change appointed local and state network officer Governing Board positions to elected positions.

 - › A variety of delivery formats
 - › Targeted content
 - › Tools, resources and support
 - › Reinforcement of Women's Council culture
 - › A focus on teambuilding and smooth transitions.
2. Leadership training in Women's Council is not solely 'position-based', but is available to all members to enhance their success as leaders along multiple pathways.

2023 Deliverables

- › Review and enhance qualifications and training for Leadership Identification and Development (LID) chairs and committees.
- › Strengthen the 'development' process within LID to mentor those who have been identified, use as a source for Leadership Institute candidates and to increase the pool of diverse, emerging leaders at all levels of the Council.

1. Members when they join feel not only welcomed but included, and understand the value of Women's Council through the lens of their individual business goals.
2. More leaders of diverse backgrounds and perspectives are applying for leadership positions at all levels of Women's Council.

2023 Deliverables

- › Produce a Diversity, Equity and Inclusion statement inclusive of various stakeholders and place prominently on website, encompassing our values, actions and commitment.
- › Enhance the diversity of Leadership Institute classes through intentional outreach and develop a follow-up mentoring strategy to guide their leadership journey.
- › Develop National education programs/initiatives, perhaps in conjunction with diverse industry organizations, to showcase diverse industry talent and perspectives. In addition, showcase successful local and state network initiatives in this area.
- › Reinforce that addressing diversity is a Women's Council leader imperative, and set expectations for such throughout the organization.
- › Institute a requirement for the Women's Council Leadership Team and Executive Committee to take AHWD, Fair Haven and Implicit Bias training, and encourage Women's Council leaders at all levels to do so (include on application and as part of qualifications).
- › Offer At Home With Diversity®, Fair Haven and Implicit Bias training at National meetings and as PMN electives. Council members who are certified can teach the courses.

MEMBERSHIP EXPOSURE

2025 Milestones: By 2025 . . .

1. Women's Council membership has broadened its geographical reach and footprint, inclusive of current geographic and structural constraints.

2023 Deliverables

- › Survey members-at-large to assess interest in a mastermind focused on business value as a precursor to a possible virtual national network.
